

Family-owned & operated ...

Potomac Construction Industries, Inc., is a family-owned and operated company that has provided concrete and asphalt for much of the key infrastructure projects across the Eastern Panhandle of West Virginia and Shenandoah Valley of Virginia. We are proud to partner with all kinds of entities on all kinds of projects. With a tradition of excellence since 1938, our family's commitment to you – our customers – is to continue to offer the highest standard of certified quality in all we do.

A tradition of excellence since 1938. ...

PCI is state-approved and operates an automated, computerized batching system. How do we consistently deliver such an exceptional product? It starts with experienced leadership, providing exceptional service and a dedication to making the best concrete. We also have one of the best quality control departments and material testing labs in the region. We take pride in a job well done.

Our team is made up of experienced leadership, exceptional service and dedicated staff members desiring to meet your needs. PCI is also proud to have a WV State Certified materials testing laboratory with over 10 state certified technicians on staff at our Kelly Island Road site. Both plants are WVDOT certified and VDOT certified (NRMCA & CCRL).

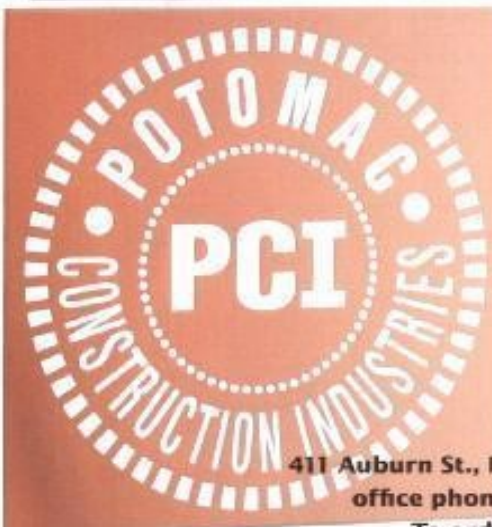

Concrete If you're looking for a "concrete solution," let the professionals in our Concrete Division help. Concrete produced at our state certified plants is of a consistent high quality. Our on-site labs can produce a mix to meet your special requirements. We supply concrete for WVDOT, VDOT and MDOT projects and are a leading supplier for many of the regions premier homebuilders and commercial contractors. And to get the job done, we run a fleet of over 20 rear discharge mixers and operate two dry batch plants.

Material Testing Our Testing Division provides laboratory and on-site testing to assess the quality of concrete and aggregates.

Our work speaks for itself...take a look at some of our most recent projects in the area:

Commercial Jobs: Quad Graphics, General Motors, Parcel Direct, Polo Ralph Lauren, Ecolab, and Home Depot, Weis and Kohls in Potomac Marketplace, Wal-Mart in Spring Mills, Essroc Martinsburg New Line, The Commons and educational facilities.
